

Z200+

GENERAL PURPOSE WAX-RESIN RIBBON

Z200+ is an economical wax-resin thermal transfer ribbon that provides consistent performance on a variety of materials. This ribbon produces dense, dark, and durable images. This ribbon has excellent scratch resistance and resistance to extreme environmental conditions. Z200+ is an ideal solution for applications requiring wax-resin ribbons without sacrificing performance. Our proprietary anti-static back coat dissipates static electricity and works to protect and extend the life of your valuable printheads.
