

Z203

SUPER PREMIUM WAX-RESIN RIBBON

Quality starts with OUR film

Z203 redefines the traditional wax/resin category with its unique price/performance value. Developed using a high performance resin-type formulation, Z203 utilizes a thinner polyester base material resulting in a more thermally responsive ink, allowing the product to provide resin-like performance, at lower printhead energies and faster printer speeds more typical of wax/resin products.

Z203 offers excellent solvent, heat, and image durability comparable to industry leading resin products as well as providing the user with a lower cost of ownership for medical, pharmaceutical, and electronic applications. Our proprietary anti-static back coating formulation dissipates static electricity and works to protect and extend the life of your valuable printheads.

Benefits

- Plug & Print Compatibility to industry leading wax/resin ribbons
- Superior Heat & Abrasion Resistance
- Wide Label Compatibility
- Low Printhead Energy Requirements
- Excellent image density & edge definition ensures **darker, bolder images**
- Well suited for many cannabis labeling application.
- Anti-static formulation ideal for RFID label printing
- Halogen-free

Ribbon Specifications

Compatible With:

- Zebra
- Datamax
- Intermec
- SATO
- Honeywell
- Avery
- TSC
- Printronix

Recommended Substrates:

- Coated and uncoated thermal transfer papers
- Tags
- Gloss and semi-gloss papers
- Synthetic films
- PE, PP, PVC

Storage Conditions:

- Use within 12 months recommended
- Keep away from UV and direct sunlight
- Temperature 5-35°C (40-95°F)
- Humidity 20-80%

RIBBON PROPERTIES	
TOTAL THICKNESS	5.9 ± 0.3µm
INK THICKNESS	2.5 ± 0.4µm
GLOSSINESS	≤ 60 Gs
ELECTROSTATIC	≤ 0.06 Kv
OPTICAL DENSITY	≥ 1.8 D
INK MELT POINT	78° C

PROVEN CONSISTENCY AND QUALITY

IMP's Complete Product Line

Premium Wax	Wax/Resin	Resin	Near Edge/TTO

Your TTR Experts

Established in 2013, IMP is headquartered in Atlanta, Georgia with a western distribution center in Los Angeles. IMP is the world's only vertically integrated manufacturer of thermal transfer and hot stamp ribbons – extruding our own PET base film and coating ribbons. This unique capability allows us to offer the best ribbon price/performance value in today's market.
